The KPBA Member Directory includes member business names and contact information. Although the Association requires members to provide complete information to be listed in the Association Directory, the appearance of their name, logo, business and contact information is not an endorsement by the Association of the services or goods being sold or offered nor is it an endorsement for the moral character, integrity, or ethics of the member, and it should not be construed as such. Consumers are encouraged to perform due diligence before entering into a business relationship or purchase of services.

A LETTER FROM

OUR

PRESIDENT

2025

The Kenai Peninsula Builders Association (KPBA) has proudly served and helped build our Kenai Peninsula communities for over 45 years. Our Membership Directory is just one of the many services that our association provides to the community. It is a handy publication that contains valuable information related to home construction, suppliers, and professional services on the Kenai Peninsula. It's a useful tool maintained electronically and printed for distribution at the Home Show and throughout the Peninsula.

Each individual and business brings expertise as well as the appropriate licensing, bonding, and insurance to ensure consumers are dealing with responsible parties. Our members recognize the importance of belonging to a professional organization that supports the building industry and focuses our efforts on promoting safe and affordable housing. The KPBA contributes, serves, and supports our communities on the Kenai Peninsula through many annual events. The Home Show, Scholarship Program, Wine Tasting, Community Christmas Program, and the Builders Competitive Game Night are just a few of the events we produce to support our friends and neighbors.

Thank you to all the KPBA Builder and Associate members who support this directory. Your continued support and commitment to the industry are invaluable to all we serve. We are investing in our youth, our community, and the future of our community.

Thank you to Lara McGinnis, our Home Show Coordinator, and to Kirsten Raye, our Executive Director. And a most humble thank you to all those in our community that continue to show support for KPBA.

Sincerely,

Jake Denbrock

2025 KPBA President

A NOTE FROM OUR EXECUTIVE DIRECTOR

There is nothing better than returning to a place that feels like home, and I'm delighted to be back with my KPBA family. I'm excited to see familiar faces and incredibly eager to meet all the new members that have joined. It's wonderful to see our membership growing and this year's directory is a true testament to that growth.

We reached out to the KPBSD school district, and are thrilled that they offered to build this year's raffle shed. With that, I hope everyone takes a moment to read about the incredible program our school district offers our young students. I would like to encourage our community to rally together with a massive show of support for these students. I'm hopeful we'll have a sold-out raffle at the Home Show this year, allowing us to give more back to the community by way of scholarships. The future of the home building industry is with our youth.

Kirsten Raye

A NOTE FROM TIM WIGHT WITH KPBSD

It's important to note that the time spent in one construction class for one semester is equivalent to working 65 hours in the field. First-year students can expect to be exposed to every tool on a construction site, from miter saw to circular saw, impact driver and more. They learn how to frame decks, walls and roofs. We strive to teach them not only how to use the tools, but how to recognize quality work. If they have interest, they have the opportunity to learn roofing and electrical.

All students stain and paint, some even express interest in working for local painting companies because they enjoy the work. Students who return to take additional classes will continue learning the trade and become proficient in all the noted tasks. They are expected to work on their leadership skills by training new classmates, setting a good example, and honing their skills. They begin to understand layout methods and learn the value of using templates. Each student learns the vocabulary associated with their tools and materials. Some begin to understand that the quality of work done on the first day is appreciated the next day and every day after.

Our students have successfully constructed various buildings, including sheds, saunas, cabins, mini houses, and power houses. They built the rolling ticket booth for the Soldotna Chamber of Commerce and the blue and red track shack at the Twin City Raceway in Kenai. Projects have been shipped to Homer, Kenai, Soldotna, and the Valley, with one set to go to Talkeetna in a couple of weeks.

BOARD OF DIRECTORS

Executive Director & Home Show Coordinator

The Kenai Peninsula Builders Association, KPBA, is guided by our Board of Directors. Their expertise in the home building industry, dedicated leadership, and generosity in the community are evidenced in the continued growth of the association. They advocate for our members and for our community, promoting quality housing and education.

DID YOU KNOW...

Our **scholarship program** is open year-round, to ANYONE interested in pursuing education or training in an industry-related field. We raise funds throughout the year with events like our Home Show, Wine Tastings, Annual Banquet, and Annual Shed Raffle. We're bringing back Builders Jeopardy and adding more events for our community. If you or someone you know is looking for the opportunity to learn a trade, please apply! Call/text/email, go to our website or scan the code on this page.

We also have fantastic volunteer opportunities. If you would like to participate, reach out to us. We're always looking for new ideas to better serve our members and our community.

KPBA MEMBERS

This directory is updated monthly online. Scan the QR Code.
<https://kenaipeninsulabuilders.com/kpba-member-directory>

Our membership consists of residential builders, developers, remodelers, subcontractors, and associated members in allied fields related to the industry. The goal of our organization at all levels is to provide safe, affordable housing that is well-designed and well-constructed for all Alaskans. The KPBA is dedicated to promoting high ethical standards, education, leadership, and a political forum for our growing membership.

We are professionals, we take pride in our trade, and we look forward to continuing to do so with great vision. We are your family, friends, co-workers and neighbors. We are vested in our community and seek to lead the way for future generations to continue in our stead. Meet the members of the Kenai Peninsula Builders Association:

Call: (907) 262-2453

Email: buildupkp@gmail.com

Open: Tuesday - Saturday - 10AM - 6PM

The objective of BuildUp is to keep usable building materials/products out of the landfill and offer them at rock-bottom prices to our community members. Donate your excess construction materials to BuildUp or stop by to pick up something for your next project.

*Stop by and
see the
friendly
folks at
BuildUp!*

CONSTRUCTION & ROOFING

*New Construction. Repair.
Remodel. No job too big
or too small; we roof them all!
Serving the entire Peninsula for commercial & residential needs.*
